

Welcome to Taiwan

Airports

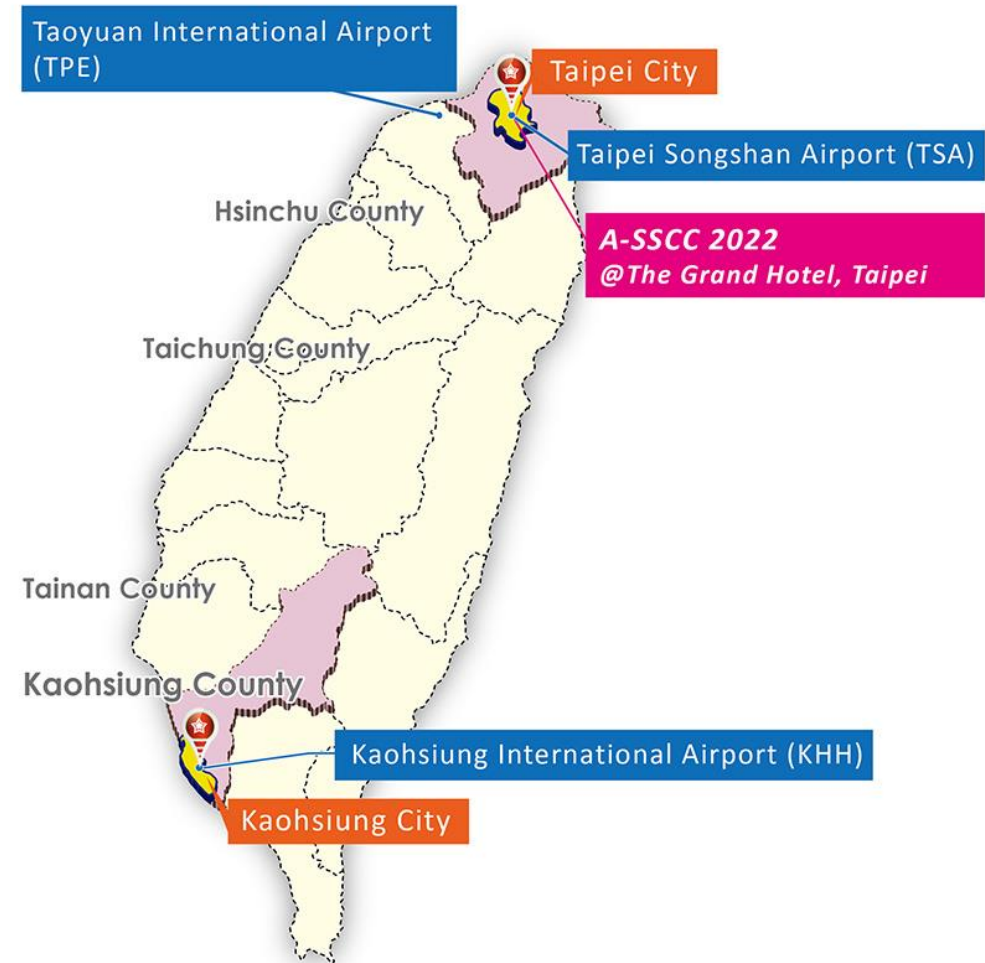

There are three international airports, Taipei Songshan Airport (TSA), Taiwan Taoyuan International Airport (TPE), and Kaohsiung International Airport (KHH). The average flight time from Taiwan to major cities in the Asia-Pacific region is only two-and-a-half hours. A direct flight from the West Coast of the U.S. to Taiwan takes only 12 hours. The convenient international airport for A-SSCC 2022 is the Taipei Songshan Airport (TSA).
